

Technical parameter									
Set pressure Ps(MPa)	0.5~1.6								
Descharge pressure Pd (MPa)	≤ 1.1Ps								
Seal pressure Pt(MPa)	≥ 0.9Ps								
Connection thread dimension (in)	R3/4								
Usable temperature (°C)	-20 ~ 120								
working medium	Air								

**Technical Requirement:**1. The design, manufacture and inspection of safety valve are based on AS1271;
