

Technical parameter										
Set pressure Ps (MPa)	0.5~1.6									
Descharge pressure Pd(MPa)	≤ 1. 1Ps									
Connection thread dimension (in)	R1/2									
Usable temperature (°C)	-20 ~ 120									
working medium	Air									

Technical Requirement:1. The design, manufacture and inspection of safety valve are based on KS B 6216.
