

| Technical parameter | |
|----------------------------------|---------------|
| Set pressure Ps (MPa) | 0.5 ~ 1.6 |
| Discharge pressure Pd (MPa) | $\leq 1.1P_s$ |
| Connection thread dimension (in) | R3/4 |
| Usable temperature (°C) | -20 ~ 120 |
| working medium | Air |

Technical Requirement:

1. The design, manufacture and inspection of safety valve are based on KS B 6216.
